Dear Sir:

This paper is submitted in response to the Examiner's Request made in the Notice of Allowability for additional copies of the foreign patent and other non-patent references included with the January 22, 2002 Information Disclosure Statement filed in connection with the above-referenced application. The Examiner indicated that such documents have been made of record but copies are not currently present in the scanned application file and requested that additional copies be provided.

Accordingly, Applicant is submitting, herewith, additional copies of the two foreign patent and five non-patent references identified on the PTO 1449 Form submitted as part of Applicant's January 22, 2002 Information Disclosure Statement. Applicant notes that the copy of the PTO 1449 Form initialed by the Examiner on December 11, 2002 indicates such references have previously been considered by the Examiner.

Applicant believes that it has fulfilled the Examiner's request. However, in the event that further information is necessary, the Examiner is invited to contact Applicant's undersigned representative.

Respectfully submitted,

MARSH FISCHMANN & BREYFOGLE LLP
